About College Nehru college of Aeronautics and applied Sciences has been playing an important role as an institution par excellence for imparting technical training in aviation since 1968. Nehru college of Aeronautics and Applied Sciences has been accorded permanent recognition for conducting various technical courses and training programmes of Government of India and state government. The college is situated in Kuniamuthur, 5km away from Coimbatore Railway station and is on the NH 47(Coimbatore-Palakkad Main Road). ISO 9001-2008 Certification In recognition of its proven capabilities, NCA&AS was accredited and awarded with the Internationally recognised 9001-2000 certification. This certificate is testimonial for NCA&AS to proclaim that it upkeeps the best system and the international quality standards, benchmarked by the globally renowned rating agency. About the Course Aircraft Maintenance Engineers (AME) are primarily responsible for keeping the Aircraft in an airworthy condition and issue certificate of airworthiness before the take –off. Airworthiness of such vital components is being certified by Aircraft Maintenance Engineer holdings AME Licences in the respective trades. The institution is approved under category 'G' for imparting instructions to AME trainees and the training imparted herein is recognised by the Director General of Civil Aviation, Government of India, New Delhi. Collaborate Institution of Alagappa University Nehru College of Aeronautics and Applied Science is notable among the Collaborate Institution of Alagappa University that have hitherto been established and granted university affiliation. NCA&AS has gained prominence by rendering more than 40 years of dedicated and valuable services in moulding,

shaping and perfecting the students in aviation and other technical fields of study. It offers an off-campus, prestigious and highly valued 3 years B.Sc degree course in Aeronautical Science, Aviation Maintenance Science was affiliated to Alagappa university, Karaikudi and recognised by the central and state governments. Nehru college of Aeronautics and Applied Sciences at Coimbatore has ten aircrafts and hi-tech labs and workshops equipped with the state-of-the-art facilities, updated year after year to impart the most modern practical training to the students and has now blossomed into predominant and popular educational institution, alumni of which are presently occupying pride of places in the specified areas of aviation Industry in India and abroad.

General Info

Nehru Arts and Science College has emerged from the galaxy of Nehru Group of Institutions with the dictum, "Knowledge is wisdom". The Trust headquartered at Coimbatore, Tamil Nadu, has spread its wings to the neighbouring State Kerala by establishing Educational Institutions of high reputation. The trust was constituted by Late. P. K. Das, the Founder Chairman. His legacy is being taken up by his sons Adv. Dr. P. Krishna Das as the Chairman and Managing Trustee and Dr. P. Krishnakumar as CEO and Secretary. The College is situated in a tranquil environment of sprawling 35 acres campus located in Thirumalayampalayam about 2.5 Km from NH 47 (connecting Coimbatore and Palakkad), 15 Km from Coimbatore City and 14 Km from Kerala border. Its calm, lush green, pollution free surroundings dissolved in the chill breeze makes the climate salubrious and atmosphere conducive for intact and effective learning. It is easily accessible through 60 Institution's buses plying from various parts of Coimbatore, Tirupur, Pollachi and Kerala. The College was established in 1998 offering 04 programmes with 54 students. It is affiliated to Bharathiar University, recognized by UGC with 2 (f) and 12 (B), certified with ISO 9001:2008 and ISO 14001:2004. NASC was accredited by NAAC with "B" Grade (CGPA 2.75) in 2009 and reaccredited with "A" Grade (CGPA 3.10) in 2014. Due to the consistent and conscious efforts of the Management and the Principal, in nurturing the Institution, it has grown in strength and achieved success over the years. The College has got Autonomous Status in July 2017. At present, NASC is catering to the needs of 3,705 aspirants by

offering much-sought after courses in Arts, Science, Commerce and Management streams. The College offers 22 UG, 8 PG, 10 M. Phil. and 09 Ph. D. Programmes. The College has been excelling consistently in producing University Ranks and the figure progressed to 204 Rank holders from the year 2006 onwards. The College aims quality education which focuses on three iconic elements like Knowledge, Skill and Behaviour. Teaching is embedded with all significant features aided with technology and modern learning tools through e - content and e- learning. The college transcends excellence by imparting various Value Added Programmes, Placement Training, Outbound Training and Industrial Collaborations. Earn while Learn is the motto of our Production Units and our students are trained in Government approved Entrepreneur Development Cell. As the College envisages Moulding True Citizens, it has incorporated many healthy practices to make the academic fabric more students' friendly. Heritage in its different shades when we celebrate all the Festivals adhering the traditional belief and train the young minds in holistic way in all possible way to emerge as Responsible citizen for tomorrow.

General Info

Hindusthan College of Engineering and Technology was started in the year 2000 by the great industrialist and philanthropist, Thiru.T.S.R.Khannaiyann. The primary objective of Hindusthan College of Engineering & Technology is to educate and prepare men and women for leadership in industry, government, and educational institutions, to advance the knowledge base of the engineering professions and to influence the future directions of engineering education and practice. The College has well furnished classrooms, state-of- the-art laboratories, computer centres and a well-stocked library. Separate Hostels with all the modern amenities are provided for men and women. The campus consists of lush green lawns, a playground, GYM and also facilities for indoor games. A fleet of vehicle caters to the transport needs. HICET believes not only in educating the students, but also grooming characters, with moral and ethical values, thus building the nation. Since its inception, the college has been providing world-class facilities & infrastructure in education and learning. The emphasis is on transformational leadership rather than directional leadership. The aim is to establish new trends, introduce innovative training methodologies, and thus guide students towards the road to success.

General Info

KPR Institute of Engineering and Technology (KPRIEnT), is a new generation engineering college established in the year 2009 by KPR Charities. KPRIEnT approved by AICTE, New Delhi and affiliated to Anna University, Chennai, is dedicated for an unparalleled learning experience. This commitment is best reflected in its vision to become a globally recognized institute of engineering and technology by the year 2020. KPRIEnT is located on sprawling 150 acres of lush green campus with 5.7 lakh sq ft state-of-the-art buildings. Students and staff at KPRIET take great pride in the main features of the institute such as world-class infrastructure, top-flight faculty, well stocked library, high pass percentage, excellent placement record, unique student projects etc This commitment to excellence is supported by a strong team of experienced

professionals. In short, KPRIET stands tall as one of the best destinations for world class education.

General Info

Allied Health Science is a newly evolved concept in health care and constitutes a separate stream of health professionals contributing to the healthcare in India. Allied Health Care professionals are an integral part of the medical team along with physicians and nurses contributing their expertise to the preventive, curative and rehabilitative care of the patients. They are a distinct group of health care professionals who apply their expertise to assist diagnose, treat and rehabilitate people of all ages and all specialties. Together with a range of technical and

supportive, staff they may deliver assisted patient care, rehabilitation, diagnostics and health improvement interventions to restore and maintain optimal physical, sensory, psychological, cognitive and social functions. This inclusive grouping, which can account for up to 60% of all health professionals in some countries, provides professional leadership, governance, supervision and professional development that will assure appropriate credentialing and quality of patient care.

General Info

Coimbatore in Tamil Nadu known for its contribution to technical education and industrial development in Southern India has now yet another but unique engineering institution in the name of EASA College of Engineering and Technology(ECET) located at Navakkarai on the Coimbatore-Palakkad Highway(NH-47). Well connected by air, rail and road to all major cities in India, Coimbatore offers many advantages in terms of its strong science and technology base, abundant educational and research resources, a good cultural mosaic and an impressive entrepreneurial history. ECET has been so conceived as to make the best use of all these advantages. The College is situated in a vast land abutting the NH-47, the site selected by the management judiciously for an ideal institutional setting, surrounded by lush green coconut grooves and mountains, at an altitude of 411 meters above the M.S.L., with moderate weather round the year and mild short summer. The College nurtures and preserves its natural environment, maintains pollution free air, water and land.

General Info

VISION STATEMENT The Missions office of CMC, Vellore seeks to equip health professionals and institutions to be an effective witness for the Lord Jesus Christ in the Great Commission (Matthew 28:18-20) and in the healing ministry. **MISSION STATEMENT** The Missions office CMC, Vellore works towards the transformation of the institutions by developing health professionals who can effectively communicate the gospel of the Lord Jesus Christ and can administer excellent health care. **Objectives** The concept of missions has two important facets – The people and the institutions. While for many years the concept of missions was inevitably linked to people working in an institution which has a mission focus, it is also important to note that there is a paradigm shift in this matter. Missions equally involves people who have a mission focus working in diverse environments – private sector, government sectors and other kinds of institutions in India and abroad. Keeping these two factors in view, the core objectives for the mission’s office are as follows. To develop people with mission focus by investing in their lives while they are in CMC, so that wherever they are they will be an effective witness for the Lord Jesus Christ. To familiarise our staff and students with the mission hospitals and the needs of various missions. To care, nurture and co-ordinate with mission hospitals.

General Info

Sri Ramachandra Medical Centre (SRMC) is a quaternary care multi-specialty hospital. The medical Centre was founded as a teaching hospital of Sri Ramachandra Medical College and Research Institute in 1985, with the intention of translating the experience and expertise in medical education into tangible and affordable health care to the community. It was founded by Late NPV Ramasway Udayar in 1985. It is now functioning under the dynamic leadership of VR Venkataachalam, Managing Trustee of the Hospital and Chancellor of Sri Ramachandra Medical College and Research Institute (Deemed to be University). Today, SRMC is a leader in health care delivery in South India providing cutting edge state-of-art care for patients who walk through its portals daily. The Medical Centre is located in a sprawling 175-acre campus that is lush green throughout the year. Sri Ramachandra has the best physicians, surgeons and health care providers across all medical and surgical specialities and sub specialities. We are the first and only hospital affiliated to a medical university in India that has the privilege of JCI, NABH, NABL and AABB accreditations. This highlights our quest for quality health care delivery and

continuous quality improvement. The hospital facility with 800 beds and 200 Intensive care units, provides healthcare treatment for over 35,000 inpatients and 2,50,000 outpatients every year. Striving for patient safety and staying true to our founding principles have lead us to where we are today and where we will be tomorrow!

General Info

In the early 1920s, to serve the downtrodden and to promote Tamil Literature, Rajah Sir S. R. M. Annamalai Chettiar founded Sri Minakshi College, Sri Minakshi Tamil College and Sri Minakshi Sanskrit College in a rural setup at Chidambaram. In 1928, Rajah Sir S. R. M. Annamalai Chettiar agreed with the local Government to handover the above said institution for establishing a University. Thus, on 01.01.1929 Annamalai University was established as per Annamalai University Act 1928 (Tamil Nadu Act 1 of 1929). Annamalai University Act 2013 The most significant development is the enactment of the Annamalai University Act, 2013 (Tamil Nadu Act 20 of 2013), which has come into force from September 25, 2013, after obtaining the assent of His Excellency, the President of India. Accolades Annamalai University, accredited with 'A' Grade by NAAC in 2014, is one of India's largest public residential universities with 10 Faculties and 49 departments of study. Sprawling over 950 Acres of land, the University does yeoman service in taking education to the doorsteps of the people who are otherwise far from access to centres of higher learning. The University has initiated several innovative teaching programmes over the years and has been a pioneer in distance education. "The NIRF-2018" by the Ministry of Human Resource Development (MHRD) has ranked the University in the band 101 - 150 in the overall category as well as the University Category. In the Pharmacy Category the ranking is 20th in India. In the Medical Category the ranking is 24th "The Times Higher Education World University Ranking - 2019" has ranked Annamalai University in 1000+ for Overall category. In the Subject category Ranking, 2019, the University is ranked in the band of 501-600 for Life Sciences and Pre-clinical, clinical & Health Subjects. 800+ in the Physical Sciences subject. "The QS World University Ranking - 2019" has ranked Annamalai University in the band of 291 - 300 in Asia Ranking, 174 in the BRICS Ranking and 43 in India Ranking.

General Info

Vinayaka Missions had its inception in the year 1981 with the establishment of the Thirumuruga Kirupananda Variyar Thavathiru Sundara Swamigal (TKVTSS) Medical Educational and Charitable Trust. Not far from then, in 1982, the Founder-Chairman, Dr. A Shanmugasundaram instituted the Vinayaka Mission's College of Pharmacy in Salem, the pioneer institution of Vinayaka Missions. In the year 2001 the "Deemed to be University" status was conferred on Vinayaka Missions by The Ministry of Human Resources Development, Government of India, with the recommendations of the UGC Under Section 3 of the UGC Act, 1956 as an acknowledgement of its excellence, satisfaction of the highest level of academic standards and best infrastructural facilities provided to achieve preeminence in education and by virtue of this recognition Vinayaka Missions transcended to becoming Vinayaka Missions Research Foundation (VMRF) as the 48th University in India. The conducive environment provided by the University helps every student to achieve excellence in their chosen field of specialization. Nearly 15,000 students are studying in the various constituent colleges, and every year approximately 2000 medical, dental, homoeopathy, paramedical, engineering and management professionals besides arts & science graduates graduate from the VMRF campuses successfully. The dynamic environment created by the Trust helps every student to develop his/ her rational, critical and creative powers, thereby enabling the fullest possible intellectual and personal growth. Close to 5000 staff members including renowned Faculty, technical and other experts serve our student community to achieve excellence in education and to make studying at VMRF institutions an extremely pleasurable and rewarding experience. The success of VMRF lies in its highly qualified and experienced faculty who are competent and dedicated to provide excellent education. VMRF takes pride in being the only one of its kind in India that has established three medical colleges, one dental college, and two engineering colleges apart from other paramedical and homoeopathy colleges.

General Info

Medicine today is shaped by medical discoveries that were unimaginable even a decade ago. The pace of medical research is astounding and the future of Medicine is being rewritten. Teaching health care professionals in the 21st century cannot be done with outdated and medieval tools –it requires equally sophisticated technology. Medical technology and the practice of Medicine has changed dramatically in the last century, but little has changed in the way Medicine is taught in

today's medical colleges in India. While healthcare technology has witnessed quantum leaps in the last few decades, medical education technology in India has remained rudimentary. High-quality medical care is deliverable not just through the use of high-end medical technology. It requires well-trained doctors. While huge investments are made in sophisticated medical technology, no or little investments are made in medical education technology. The conventional classroom and the traditional lab still remain the training ground for doctors. Hospital wards which are designed & equipped to deliver patient care are not adequately designed or equipped for clinical education. Glanis Institute of Medical Sciences is an initiative of highly-qualified doctors trained in the world's best medical centers to bring most advanced medical education methodologies to Indian medical colleges – in an effort to create world-class physicians.

Apart from modern medicine, the Committee was also requested to examine and suggest improvements to be made in other traditional systems of Indian Medicine viz. Siddha, Ayurveda and Unani. The intension was that the Medical University to be established in Tamil Nadu should bring about co-ordination between various educational and training institutions of modern medicine as well as other Indian Systems of Medicine, Dentistry, Nursing, Pharmacy, etc. and promote research. Based on the report of the Committee, the Medical University was established by the Government of Tamil Nadu. The Tamil Nadu Medical University Act, 1987 (Act No.37 of 1987) received the assent of the President of India on 24th September, 1987. By an Act No. 39 of 1991, it was amended that the Act may be called "The Tamil Nadu Dr. M.G.R. Medical University, Chennai, Act, 1987. This affiliating University governed by the said Act started functioning from July 1988. The Students admitted to the various Medical and Paramedical courses after 1.3.1988 come under this Medical University as per Government notification issued in G.O.Ms.No.1628/Health, Indian Medicine and Homoeopathy and Family Welfare Department dated 23.08.1988. The Administrative office of the University was initially functioning in a building at Velachery Road, Guindy, Chennai - 600 032 from 12.07.1988. From May 1989 the administrative office of the University was functioning at a seven storeyed building owned by Periyar Trust at 52, E.V.K. Sampath Salai, Vepery, Chennai- 600 007. The University has constructed its administrative complex in the land at Nawab Garden, Guindy allotted by the Government of Tamil Nadu as per G.O. Ms. No. 1165, Health and Family Welfare Department dt. 21.10.1992. The University is now functioning in its own building at Nawab Garden, 69, Anna Salai, Guindy, Chennai - 600 032 with effect from 12.6.1994.

Meenakshi College of Nursing is an Educational Institution managed by S.R. Trust, a public charitable trust registered (Reg. No. 291/85) in 1985. It is an unit of the well-reputed Meenakshi Mission Hospital & Research Centre (MMHRC), a 1000-bed multispecialty hospital that renders 'world-class healthcare at affordable prices' for more than 30 years. MMHRC is a landmark institution that follows a unique model of offering world-class medical treatment to the people of South Tamil Nadu, irrespective of their affordability. MMHRC also floats charity programmes that offers medical assistance to the poor and the needy. MMHRC is also a well-known teaching institute, recognised by the Medical Council of India, New Delhi for its

Compulsory Rotatory Residential Internship (CRRI) training program for Medical Under Graduates and by the National Board of Examinations (NBE), New Delhi for its Post-Graduate Medical Courses. Following this, MMHRC now offers the B.Sc Nursing programme for nursing aspirants under its Meenakshi College of Nursing, an approved institution by the Government of Tamil Nadu (G.O.(Ms).No. 261 dated 26.07.2017). Meenakshi College of Nursing is affiliated to The Tamil Nadu Dr. M.G.R. Medical University and recognized by the Indian Nursing Council and Tamil Nadu Nurses' and Midwives' Council. The College aims at training professional nurses to deliver quality nursing care to individuals, families and groups, not only in health care institutions but also in homes and community and to participate in nursing administration, teaching and research.

General Info

Schieffelin Institute of Health – Research and Leprosy Centre (SIH-R & LC) located near Vellore in Tamil Nadu, was established in 1955 to care for the leprosy patients in and around Vellore and to set up a research institution to probe into the multifaceted problems of leprosy. Dr. Robert Cochrane was the moving force behind this venture. A plot of land, 15 km from Christian Medical College (CMC) hospital, Vellore and 4 km from any approach road, was obtained from the Government. With the close cooperation of The Leprosy Mission (TLM) and the American Leprosy Missions (ALM) and CMC, the project gradually materialized. The Institute is named in honor of Mr. William J Schieffelin, the then President of the ALM, which funded the building project. Dr. Ida Scudder, the founder of CMC, turned the sod on 6th September 1952. Mr. William Bailey, Secretary of Southern Asia TLM, supervised the programme. The buildings were completed and the Schieffelin Leprosy Research Sanatorium (as it was then known) was declared open on 20th June 1955. The Schieffelin Leprosy Research Sanatorium was renamed as the Schieffelin Leprosy Research & Training Centre in 1974. The institution was registered as a company in 1977 and became independent from all three founding organizations. Leprosy services were integrated into general health services in 1997. In 2006, in order to reflect the integrated nature of the institution, the institution was renamed as Schieffelin Institute of Health – Research and Leprosy Centre (SIH-R & LC). Over the past six decades SIH-R & LC has treated leprosy and its complications,

carried out state of the art research to understand the disease, and trained all levels of health personnel in the management of leprosy.

About 48 full-time and part-time programs in science, engineering and management at undergraduate and postgraduate levels by the 11 engineering and technology, computer applications, management sciences, basic sciences and humanities departments. The institute offers three 5-year integrated sandwich engineering courses which combines class room coaching with industrial training, one of the few in the country to offer such a course.[3] Among

the undergraduate and postgraduate programmes offered by the college, many are accredited by the National Board of Accreditation of the All India Council of Technical Education (AICTE). Being autonomous, the college frames its own curricula, updates syllabus, introduces new courses and is empowered to administer its own evaluation system. Since 1960, PSG College of Technology has been publishing the "PSG Design Data Book", the engineering Data hand book, used throughout the country by engineers and students.

Sri Krishna College of Engineering and Technology is one of the premier institutions of Sri Krishna Trust, established in the year 1998 with a mission of imparting high quality technical education to the aspiring students. This self finance, autonomous institution accredited by NAAC with 'A' Grade (with 3.42 CGPA out of 4) and National Board of Accreditation is located at a prominent place in Coimbatore city which can be easily accessible on the Palghat high way of NH 47. SKCET is one of the leading institutions in Tamil Nadu State that offers Under Graduate, Post Graduate and Research Programs in Engineering and Technology and in addition, the college has gained recognition for its uniquely tailored management education program. The Colleges offers 15 programs that include 7 Under Graduate programs and 8 Post Graduate programs and 4 of the 9 academic departments were recognized as research centers with more

than 5000 students and 250 faculties. Over 1200 students are awarded with their degrees every year. The College attracts students from various parts of the state and from neighboring states and has emerged as trusted destination for quality technical education in this part of the state. Sri Krishna College of Engineering and Technology enjoys the patronage of top recruiters of national and international reputation and the students are offered with multiple employment offers. The placement record of SKCET is on par with institutions that have national reputation. On the sides of bondage with alumni, the SKCET's Alumni Association has established a strong alumni network. SKCET has also signed various MOU's with many of the world's best Educational and Research giants, and has also built it's partnership with many corporate bodies and industries. The college has carved a niche for research and development by regularly publishing research articles in high impact journals, registering patents, involving in various research projects, organizing workshops, conferences, seminars and symposiums. SKCET is a lush green campus, aesthetically built in a world class manner with well designed construction of buildings with state - of - art library, convention centre, auditorium, seminar halls, cafeteria, sports and games fields with fitness centers, etc, A high tech infrastructure has been created with high configured computers, internet facility, smart board enabled class rooms, Google virtual class rooms and Wi-Fi facility across the campus. There are separate hostels for boys and girls that can accommodate about 2500 students with a very comfortable stay. SKCET makes the students life in the campus very interesting and purposeful. The students are provided with opportunities to take part in sports and games, cultural programs, dramas, various club activities, National Service Scheme and Youth Red Cross. In addition, ample of opportunities are provided in participating and conducting seminars, workshops, symposiums etc. The living area of the campus provides banking and ATM facilities, book shops, gift shops, general stores, hotels, cafeterias, health care centre etc., The College is committed in bringing out real life global engineers nurtured with best practices and ethical values and not mere engineering graduates. The College fulfills the commitment by following its Motto 'Perfection through Performance' tirelessly.

- Sasi Creative School of Architecture, the operative word is 'Creative'. We subscribe to the idea that creativity is the single factor that distinguishes the leader from the herd. What we seek to do bring creativity into play as part of the learning process. It involves two processes: thinking, then producing. Innovation is the production or implementation of an idea. If you have ideas, but don't act on them, you are imaginative but not creative. It is the process of bringing something new into being...creativity requires passion and commitment. Everything starts with an idea. A thought, a concept, a spark of imagination can trigger the mind to set course on a journey of discovery across uncharted waters. We believe, any endeavour, any learning system needs must embrace the creative quotient to ignite the innate creative spark that lies dormant in all of us. Architecture is not only about big buildings, complex designs and plan implementations. It is also about aesthetics. It's about bringing a creativity and innovation into play. It's about looking at space as a canvas on which you create a work of art.

General Info

The strong desire of philanthropist and educationist Dr. A. Shanmugasundaram, to serve the society in general and the needy in particular paved the way for the establishment of the Thirumuruga Kirupananda Variyar Thavathiru Sundara Swamigal Medical, Educational and Charitable Trust at Salem, Tamil Nadu, India of which he is the Founder and Chairman. By his zeal, dedication and untiring effort he carved a niche for himself in the field of education in India and abroad. All through his life he has been devoting himself to the cause of education. His bold and strong conviction is that "Education is an important instrument for social change". The objective of the Trust is to render social service to the society by imparting technical and professional education. Since 1981 Vinayaka Mission's is in the field of education and its insatiable thirst for achieving

excellence has taken it to greater heights of glory. In recognition of Vinayaka Mission's 'Excellence in Education', the Ministry of Human Resource and Development, Government of India, accorded the 'Deemed University' status to Vinayaka Mission's Research Foundation in the year 2001, based on the recommendations of the University Grants Commission. The Vinayaka Mission's University (Deemed University) has recently been renamed as Vinayaka Mission's Research Foundation (VMRF) following of a notification issued by the University Grants Commission.
